#### 900W DC ATX P4 PowerSupply (18-36VDC)

Now you can power every PC in your truck. 900W power and P4 connector are giving you all possibilities !  
The ATX connector has 24 pins. Along with the power supply there is a 24pol to 20pol ATX adapter included.

|                                |                                                            |
|--------------------------------|------------------------------------------------------------|
| Dimensions                     | 200mm[W] × 150mm[L] × 86mm[H] Standard ATX PS/2 size       |
| Weight                         | 3.8 kgs                                                    |
| Input Voltage Range            | 18 - 36VDC                                                 |
| Output Power maximum           | 900W                                                       |
| Efficiency                     | 75% typical @24V DC Full Load                              |
| Output Power maximum (rails)   | +3.3V : 25A<br>+5.0V : 25A<br>+12.0V : 68A                 |
| Remote sensing                 | +5V and +3.3V                                              |
| Over Power Protection          | Peak power protected to 130%±10% of continuous rated power |
| Over Voltage Protection        | +3.3V@4.5V, +5V@6V, +12V@15.6V                             |
| Short Circuit Protection       | All output equipped with SCP (shutdown and latch off)      |
| MTBF                           | >90 000 hours @max. Load, 24V DC & 25°C ambient            |
| Safety Standards               | Meet IEC60950-1, EN60950-1                                 |
| Operating Temperature          | 0°C ~ +50°C                                                |
| Storage Temperature / Humidity | -20°C~+80°C / 10%~90% RH. (Non condensing)                 |
| Cooling                        | 80x80x25 mm Fan x 1 pc, 70dBA @ Full Load                  |
