- 10,4 inches VGA
- Touchscreen RS232
- 4:3 aspect ratio

Need a portable touchscreen monitor? Don't have enough room for a big bulky 15"? If that's the case, then check out this slim 10.4" TFT LCD monitor with VGA and Touchscreen. This monitor offers you the convenience of a touchscreen at a space-saving size. This monitor supports display resolution up to 800x600 (SVGA). Use the convenient touch-screen as your input device, control your mouse cursor or the mini on screen keyboard that comes with your operating system. The touch screen utilizes the RS-232 port as the interface. The monitor is perfect for Point Of Sales systems with the included stand. The stand can also be removed for use with any VESA mounts, making it perfect for in-car computing purposes.
Like Xenarc displays (USA)
